Welcome to MADEC, a community based not for profit organisation delivering training, employment and community development initiatives.

MADEC have proudly provided a wide range of employment, recruitment and training programs for over 40 years across Victoria, South Australia and New South Wales. We continue to position ourselves as one of the most prominent and recognised service providers in metropolitan and regional areas.

Why choose MADEC for Training?

As one of Australia’s largest jobactive providers, MADEC has significant experience working with job seekers providing direct links to industry and jobs. MADEC has current and tangible relationships with employers, with proven ability in providing real job outcomes.

Why is MADEC training delivery successful?

- Our engagement with industry and employers
- Our training delivery – practical and industry relevant
- Quality of our Trainers & Assessors

How is MADEC training success measured?

- Successful education outcomes for students (both accredited and non-accredited)
- Successful employment outcomes for individuals and organisations
- Recognition as a quality provider within industry

If you are planning a new career, further developing an existing employment pathway, building essential skills to find employment or just want to update your skills, MADEC can provide you with nationally accredited and recognised training to suit your needs. This Course Guide provides details on the range of training courses which are offered flexibly, classroom based, external, workshops or traineeship.

‘Some training maybe delivered with Victorian and Commonwealth Government funding’ *Eligibility criteria applies.

How to Apply

Courses are available to people who meet the necessary entry requirements and any other additional selection criteria.

Some courses may require an interview and/or other selection criteria to be met. Others have entry requirements of previous study or experience. Check the course outline on the following pages, visit www.madec.edu.au or call your nearest MADEC Office on 1300 436 332 for more details about your preferred course and entry requirements.

Enrolling

Before enrolling we will schedule a time for you to meet with the trainers in the specific course area to complete a pre-training review. They will discuss the course with you, give you any information you require and have you sign necessary forms.

The pre-training review is an opportunity for you to ask any questions about your course. It also gives us an opportunity to ensure we understand what you’re hoping to achieve by undertaking training so we can ensure you’re enrolling into the right course at the right level.

We will also then step through the enrolment forms with you, advise you if you are eligible for any government funding and provide you with an outline of fees. Payment, or an authorised payment plan, must be confirmed prior to commencing any course.

Fees and Concessions

All students are assessed at time of enrolment to determine eligibility for Government subsided training.

Course tuition fees are set in line with the guidelines of the State Government. Please see our student fees and charges policy on our website for full details. Additional costs may apply for text books, course materials, licences or checks required as a part of any course. These costs will be explained at the time of your enrolment.

Tuition fee concession may apply if a student holds one of the following concession cards:

1. Commonwealth Health Care Card
2. Pensioner Concession Card
3. Veteran’s Gold Card

The concession provided for 1 & 2 also applies to dependent spouse or child listed on the card.

Concession fees are not available for students enrolling into Diploma.

Indigenous students will only pay the concession fee rate regardless of which course they are enrolling into.

Training Payment Plan

MADEC offer flexible payment plan options – that allow you to pay off your qualification as you study.

Our Student Support Team are happy to discuss payment plan options with you please phone 5023 7233.

*Please note that some courses are not funded by government. No concessions are available for non-government funded (fee for service) courses.
USI

If you’re studying Nationally Recognised training in Australia from 1 January 2015, you will be required to have a Unique Student Identifier (USI).

Your USI links to an online account that contains all your training records and results that you have completed from 1 January 2015 onwards. Your results from 2015 will be available in your USI account in 2016.

When applying for a job or enrolling in further study, you will often need to provide your training records and results. One of the main benefits of the USI is the ability to provide students with easy access to their training records and results (transcript) throughout their life.

How to get a USI

It’s free and easy to create your own USI and will only take a few minutes of your time. Or if you like you can learn more about the steps to create a USI.

While most students will create their own USI, some training organisations will also be able to create your USI for you. Your training organisation might do this as part of your enrolment process when you begin studying. Where this service is provided your training organisation will let you know.

For more information visit www.usi.gov.au and follow the links.

Access and Equity

MADEC believes that all students have the right to study in a positive environment which values diversity and protects them from any form of discrimination and harassment.

People with physical and/or learning disabilities are encouraged to apply for enrolment into MADEC programs, and assistance and/or referral to a range of services is available to assist clients to meet minimum entry requirements.

Class Times

Class times vary depending on the subject and mode of delivery. In the case of full-time classroom based courses the hours anticipated are 9am-3pm on class days, with one hour allowed for lunch. This is an indication only and may be varied by agreement to accommodate the delivery of that day’s subject matter.

Please consult your program Coordinator or Trainer to establish the requirements of your study course.

Other courses may be timetabled during holidays, evenings and weekends.

We observe all public holidays as scheduled by Government. MADEC reserves the right to declare additional student free (Curriculum) days as may be required for staff to undertake professional development activities.

Student Information Guide contains information on:

- Access and Equity
- Fees and Charges
- Privacy Policy
- Work submission requirements
- Attendance requirements
- Change of Details
- Surveys
- Withdrawals and Refunds
- Plus much more!

A copy of the guide is provided on a USB at time of enrolment. The guide can also be downloaded from our website.

What is Skills Recognition?

RPL (Recognition of Prior Learning)

Got the skills and experience? Then get the recognition. You may have broad skills, life and work experience, informal learning or incomplete formal learning that you may be able to gain credits for towards a qualification. If you are a current or prospective student you can apply to have your skills recognised and you may be able to complete your qualification in less time. This can be done via direct Credit transfer or Recognition of Prior Learning.

Why apply for RPL?

The advantages of applying for RPL are:

- You identify where your experience has provided you with the knowledge and skills covered in a unit of competency
- If you have already achieved the competency you will not have to attend training for those units of the qualification
- You will finish your qualification in a shorter time frame
- You only complete training for units that are new and challenging. You don’t do units in which you have proven knowledge and experience

Credit Transfer

Credit transfer is the recognition of specified learning previously undertaken where equivalent units of competence have been successfully completed. MADEC recognises only formal documentation such as qualification testamur, Statement of Results and/or Statement of Attainment. All documents must be either in their original form or a certified copy of the original document.

NEED MORE INFO?

CONTACT MADEC on 1300 436 332 or visit www.madec.edu.au
People with skills in administration are in demand in every industry. Start your career path with one of our training programs and gain a business qualification to enhance your employment prospects in a range of professions.

Certificate II in Business
Course Code: BSB20115

Future pathways
Receptionist or Clerical Assistant. Certificate III in Business or Certificate III in Business Administration.

What will you learn?
In addition to communication and general reception skills, you will learn about current automated office technologies and business practices using Microsoft® Windows and Microsoft® Office, which offer the most frequently used computer applications in an office environment.

Duration
Duration may vary depending on electives chosen. Classroom based delivery 3-6 months.

Entry requirements
We recommend that you have Completed Year 10 as a minimum, or that you enrol as a mature-aged student.

Certificate III in Business
Course Code: BSB30115

Future pathways
Data Entry, General Clerk, Payroll Officer or Typist. Certificate IV in Business or Certificate IV in Business Administration.

What will you learn?
Students will design and produce documents, organise workplace information and personal work priorities, maintain financial transactions, write simple documents.

Duration
Duration may vary depending on electives chosen. Classroom based delivery 6 months.

Entry requirements
Preferred pathway is with the completion of the Certificate II Business and successful completion of an initial assessment.

Short Courses

Quickbooks®
ICTICT208
Operate accounting applications
This short course enables users to have a practical knowledge of the processes involved with electronic bookkeeping preparation and ledger operations.

MYOB®
ICTICT208
Operate accounting applications
This unit describes the skills and knowledge required to operate common accounting software packages in order to maintain enterprise financial records.

Introduction to Excel®
ICTICT105
Operate spreadsheet applications
Learn the basic processes involved with operating a spreadsheet application on your personal computer.
Certificate IV in Business
Course Code BSB40215
Future pathways
Accounts Supervisor, Customer Service Supervisor, Office Administration Supervisor, Student Services Supervisor. Diploma of Business Administration.

What will you learn?
To apply solutions to a defined range of unpredictable problems and analyse and evaluate information from a variety of sources. You will learn to provide leadership and guidance to others, planning and organisation, technology and self management.

Duration
Duration will vary depending on elective units chosen. Classroom based delivery 6-12 months.

Entry requirements
We recommend that you have completed Certificate III in Business or have relevant vocational experience.

Certificate III in Business Administration
Course Code BSB30415
Future pathways
Accounts Receivable Clerk, Accounts Payable Clerk, Office Administrator, Certificate IV in Business Administration.

What will you learn?
You will develop an intermediate level of office, clerical, and technological skills. You will learn about business procedures in a modern office and build a range of advanced office skills. You will use Microsoft® Windows and Microsoft® Office to cover the most frequently used computer applications.

Duration
Duration may vary depending on electives chosen. Classroom based delivery 6 months.

Entry requirements
We recommend that you have completed Certificate II in Business or have other relevant qualifications, or that you have an equivalent level of administrative experience.

Certificate IV in Business Administration
Course Code BSB40515
Future pathways
Accounts Supervisor, Executive Personal Assistant, Office Administrator or Project Assistant, Diploma of Business Administration.

What will you learn?
You will extend your understanding of business practices and procedures in the modern office to encompass high-level communication and teamwork skills, as well as the use of complex business technology tasks.

Duration
Duration may vary depending on electives chosen. Classroom based delivery 6-12 months.

Entry requirements
We recommend that you have completed Certificate III in Business Administration or have other relevant qualifications, or that you have an equivalent level of administrative or operational support experience.
Diploma of Business Administration

Course Code BSB50415

Future pathways
Executive Officer, Program Consultant, Program Coordinator.

What will you learn?
Participants will identify and assess marketing opportunities, plan market research, manage workforce planning and risk, manage an information or knowledge management system.

Duration
Duration may vary depending on electives chosen.

Entry requirements
Completion of Certificate IV in Business or other relevant qualification/s.

Certificate IV in Leadership and Management

Course Code BSB42015

Future pathways
Coordinator, Leading Hand, Supervisor or Team Leader.

What will you learn?
This course will teach individuals working as developing and emerging leaders and managers in a range of enterprise and industry contexts. As well as assuming responsibility for their own performance, individuals at this level provide leadership, guidance and support to others. They also have some responsibility for organising and monitoring the output of their team.

Duration
May vary depending on electives chosen.

Entry requirements
There are no entry requirements for this qualification.

Become a qualified teacher’s aide and be an integral part of the modern classroom. Learn how to support children and young people and contribute to their education. You may work in various areas including early childhood education, primary and secondary schools, special schools, vocational and higher education and community education.

Certificate III in Education Support

Course Code CHC30213

Future Pathways
Education Assistant, Education Support Worker, Language Worker, Literacy Worker, Teacher Aide, Teacher Assistant, Home Tutor.

What will you learn?
You will learn to work in a range of education settings to provide assistance and support to teachers and students under broad based supervision.

Duration
Classroom based over 6 months.

Entry requirements
There are no specific entry requirements for this course.

Extra requirements
A clear Victorian Police Check and Working with Children Check.

Become a Teacher’s Aide

Teacher’s aides help and assist teachers in the classroom and give extra attention to students to support them with their learning and development. This Nationally Recognised qualification has been custom-designed by industry experts. It covers two categories of potential workers, those who are already working as teacher aides and are looking to formalise their qualifications and to prospective employees seeking work.

Teacher’s aides work in a range of classroom contexts, including public and independent schools and community education settings. This course can be done in as little as 6 months giving fast career options to those who want to work with children in fulfilling roles.

A work placement is also undertaken during this course to provide the on-the-job experience that will give you the skills that will help you to secure employment.
FIRST AID SHORT COURSES

Everyone should learn basic first aid skills to help others in emergency situations. The following courses will give you the skills and knowledge to preserve life until emergency assistance arrives.

Provide Cardio-Pulmonary Resuscitation (CPR)

Unit Code HLTAID001

This unit of competency provides students with the skills and knowledge required to perform Cardiopulmonary Resuscitation (CPR) in line with the Australian Resuscitation Council (ARC) Guidelines.

Duration
This unit is conducted over a period of 3 hours in a classroom setting and requires assessment via questioning and simulated demonstration.

Entry requirements
There are no pre-requisites.

Provide First Aid (Level II First Aid)

Unit Code HLTAID003

Students will gain the skills and knowledge required to provide first aid response, life support, management of casualty(s), the incident and other first aiders until the arrival of medical or other assistance.

Assessment involves written questions, oral questioning and practical simulation.

Duration
This course is conducted over 2 days as a fully practical workshop, or can be delivered as a blended course involving 1 day classroom and home study.

Entry requirements
There are no pre-requisites or co-requisites for this competency.

Provide an Emergency First Aid Response in an Education and Care Setting

FOOD PROCESSING

The food processing industry is a fast growing sector. The qualifications below offer a wide range of units to meet a diverse variety of venue types and job roles.

Certificate II in Food Processing
Unit Code: FDF20111

Future pathways
Production support role, packaging, machine operations and bottling.

What will you learn?
This Qualification is designed for application in supervised environments where the work is predictable with some basic problem solving requirements.

Duration
Will vary depending on the delivery mode selected, however, as a guide completion of training will take 12-18 months with self paced study required between sessions.

Entry requirements
There are no specific pre-requisites.

Certificate III in Food Processing
Unit Code: FDF30111

Future pathways
Production Team Leader, packaging, machine operations and bottling.

What will you learn?
This Qualification is designed for application in supervised environments where the work is predictable with problem solving requirements.

Duration
Will vary depending on the delivery mode selected, however, as a guide completion of training will take 12-18 months with self paced study required between sessions.

Entry requirements
There are no specific pre-requisites.
Certificate II in Wine Industry Operations

Unit Code FDF20411

Future pathways
Grape Growing, Cellar Operations, Bottling and Packaging, Warehousing, Laboratory and Cellar Door Sales.

What will you learn?
This Qualification provides vocational skills for work in the wine industry. A range of specialist electives are included covering skills used in the wine industry operational areas.

Duration
Will vary depending on electives chosen.

Entry requirements
There are no specific pre-requisites.

Delivery mode
External - Workplace Traineeship

Certificate III in Wine Industry Operations

Unit Code FDF30411

Future pathways
Supervisory team leader within; Wine Grape Growing, Cellar Operations, Bottling and Packaging, Warehousing, Laboratory and Cellar Door Sales.

What will you learn?
This Qualification covers the following wine industry operational areas - bottling and packaging, cellar door sales, cellar operations, laboratory warehousing, wine grape growing.

Duration
Will vary depending on electives chosen.

Entry requirements
There are no specific pre-requisites.

Delivery mode
External - Workplace Traineeship
The CGEA program at MADEC is ideal for people wishing to address their literacy and numeracy skills in an alternative setting. The course covers reading, writing and numeracy along with a range of work and life skills designed to improve your employment prospects.

**Foundation Courses**

**Course in Initial General Education for Adults**

*Course Code* 22234VIC

**Future pathways**
This training assists students with basic literacy and numeracy skills.

**What will you learn?**
These studies include communication skills, reading, writing, numeracy and mathematics, work and life skills, along with vocational training options.

**Duration**
Full time classroom based 4 days per week for 6 months.

**Entry requirements**
There are no formal entry requirements for this level, however, students will be assessed for suitability of study.

**Certificate in I General Education for Adults (Introductory)**

*Course Code* 22235VIC

**Future pathways**
This training assists students with literacy and numeracy skills and builds on skills and knowledge previously acquired.

**What will you learn?**
Enable greater access to jobs, vocational training or further study by improving literacy, numeracy and employability skills.

**Duration**
Full time classroom based 4 days per week for 6 months.

**Entry requirements**
There are no formal entry requirements for this level, however, students will be assessed for suitability of study.

**Certificate I in General Education for Adults**

*Course Code* 22236VIC

**Future pathways**
This training assists students with literacy and numeracy skills and builds on skills and knowledge previously acquired.

**What will you learn?**
Build on essential literacy, numeracy, employability and communication skills. Prepare for further study, training or work opportunities.

**Duration**
Full time classroom based 4 days per week for 6 months.

**Entry requirements**
There are no formal entry requirements for this level, however, students will be assessed for suitability of study.
Certificate II in General Education for Adults
Course Code 22237VIC

Future pathways
This training assists students with literacy and numeracy skills and builds on skills and knowledge previously acquired.

What will you learn?
Learn to master literacy, numeracy, employability and communication skills. Grow skills and confidence for moving onto further training or work opportunities.

Duration
Full time classroom based 4 days per week for 6-12 months.

Entry requirements
There are no formal entry requirements for this level, however, students will be assessed for suitability of study.

Certificate III in General Education for Adults
Course Code 22238VIC

Future pathways
This training assists students with literacy and numeracy skills and builds on skills and knowledge previously acquired.

What will you learn?
Participate in the final stage in this course for moving onto further study or work opportunities.

Duration
Full time classroom based 4 days per week for 6-12 months.

Entry requirements
There are no formal entry requirements for this level, however, students will be assessed for suitability of study.
Certificate I in Skills for Vocational Pathways
Course Code FSK10213

Future pathways
This training assists students with basic literacy and numeracy skills.

What will you learn?
These studies include communication skills, reading, writing, numeracy and mathematics, work and life skills, along with vocational training options.

Duration
Duration will vary dependent on candidate assessment, electives and level of increased foundation knowledge.

Entry requirements
There are no formal entry requirements for this level, however, students will be assessed for suitability of study.

Certificate II in Skills for Work and Vocational Pathways
Course Code FSK20113

Future pathways
This training assists students with literacy and numeracy skills and prepares them for workforce entry or vocational training.

What will you learn?
Enable greater access to jobs, vocational training or further study by improving literacy, numeracy and employability skills.

Duration
Duration will vary dependent on candidate assessment, electives and level of increased foundation knowledge.

Entry requirements
There are no formal entry requirements for this level, however, students will be assessed for suitability of study.
Agriculture and horticulture are diverse industries which provide an interesting and exciting career including cultivation of the soil for the growing of crops and animals to provide food, wool, and other products.

Certificate II in Horticulture
Course Code AHC20416

Future pathways
Farm Hand or General Labourer, Landscape Gardener, Nursery Worker.

What will you learn?
This qualification underpins a range of work functions and job roles that can lead to a horticulture trade qualification.

Duration
Generally this qualification is delivered via a combination of classroom based and workplace activities.

Entry requirements
There are no pre-requisite requirements for this qualification, however, a good standard of physical fitness is required to undertake the tasks required of the job roles.

Certificate III in Horticulture
Course Code AHC30716

Future pathways
Farm Hand or General Labourer, Landscape Gardener, Nursery Worker.

What will you learn?
This qualification provides a general vocational outcome in the horticulture industry.

Entry requirements
There are no pre-requisite requirements for this qualification, however, a good standard of physical fitness is required to undertake the tasks required of the job roles.

Duration
Generally this qualification is delivered via a combination of classroom based and workplace activities. Traineeship 18 months.

Entry requirements
There are no pre-requisite requirements for this qualification, however, a good standard of physical fitness is required to undertake the tasks required of the job roles.

Certificate III in Rural Operations
Course Code AHC32810

Future pathways
Farm Hand or General Labourer, Landscape Gardener, Nursery Worker.

What will you learn?
This qualification provides an occupational outcome in agriculture, horticulture and conservation land management and at least one and up to three other related industries.

Duration
Traineeship 36 months.

Entry requirements
There are no pre-requisite requirements for this qualification, however, a good standard of physical fitness is required to undertake the tasks required of the job roles.
AusChem Chemical Users Course

Unit Code
AHCCHM303A Prepare & apply chemicals
AHCCHM304A Transport, handle & store chemicals

This course provides the required training for many Industry Quality Assurance Programs and is necessary to apply for the Victorian Agricultural Chemical Users Permit (an ACUP is required for users of Schedule 7 and other Restricted Chemical Products).

It covers pest ID, Modes of Action, label interpretation, issues associated with chemical use, formulation types, weed and pest control application, animal health, transport and disposal, preparation and clean up, recording and other procedures.

Upon successful completion, results in AusChem registration and the award of a Statement of Attainment for 2 Nationally Recognised Units.

Duration
The course is delivered over 2 full days.

AusChem Refresher Courses

Unit Code
AHCCHM303A Prepare & apply chemicals
AHCCHM304A Transport, handle & store chemicals

This short course enables users of AgVet Chemicals to keep up to date with changes in chemical use, new legislation and to have a reminder about safety and best practice.

This course is required to retain registration in some industry QA programs and is best suited to general chemical users and mandatory in NSW to be allowed to continue to use AgVet chemicals.

Duration
The course is delivered over 1 full day.

Who should do AusChem training?

Anyone who uses agricultural chemicals or veterinary medicines should complete some training. AusChem supports a number of courses which provide specially designed training for people at all levels of involvement in the use of AgVet Chemicals.

Courses are appropriate for people involved in:
• Cropping
• Production horticulture and viticulture
• Amenity horticulture
• Weed control
• Livestock production
• Turf industry
• Forestry
• Fox, wild dog and rabbit control
Hospitality
HOSPITALITY

The hospitality industry is one of Australia’s largest and fastest growing sectors. The qualifications below offer a wide range of units to meet a diverse variety of venue types and job roles.

Certificate II in Hospitality

Course Code SIT20316

Future pathways

To work on a building site in Australia it is a requirement that everyone holds a current General Induction Card, also known as a ‘White Card’. The White Card is valid for use on all construction sites in Australia.

Work Safely in the Construction Industry (Whitecard)

Course Code CPCCOHS1001A

Who is this course for?
People working or wanting to work in the construction industry.

What will I learn?
General induction training provides persons entering the construction industry with a basic knowledge of requirements under OHS laws, the common hazards and risks likely to be encountered on construction sites and how these risks should be controlled.

How am I assessed?
At the end of the course you are required to successfully complete a written assessment.

Duration
1 Day.

What will I receive?
On successful completion you will receive a Nationally Recognised Statement of Attainment in ‘Work Safely in the Construction Industry’ CPCCOHS1001A as part of CPC08 Construction, Plumbing and Services. A White Card is then issued by WorkSafe Victoria, usually within 30 days.
