

MADEC's organisational quality policy is defined by the organisation's strategic objectives.

## **MADEC's Organisational Quality Policy**

### **Our Vision**

"Regional Initiatives  
Regional Solutions"

### **Our Mission**

Strengthening communities by developing and delivering regional initiatives and solutions through innovative and responsive education, training and employment services.

### **Our Strategic Objectives**

1. Our Services – We will be recognised as a provider of high quality, innovative and responsive education, training and employment services.
2. Our Employers – We will be recognised by employers as a one-stop shop for professional, reputable and reliable provision of education, training and employment services.
3. Our People – We will value and invest in our people to maximise their potential.
4. Our Community – We will seek and build strategic and honest community partnerships which assist in developing community capacity.
5. Government Funding – We will work positively in collaboration with all funding agencies.
6. Our Organisation – We will continue to be a financially viable, accountable and responsible organisation.

Pat Thorburn  
Chief Executive Officer

The Board of Directors and senior management ensure that the organisational quality policy (MADEC's strategic objectives) is understood, implemented and maintained at all levels of the organisation and communicated to customers.

The Corporate Management Team reviews the organisational quality policy every three years and other times as required reflecting changes as defined by the organisation's strategic objectives.
