

Company Directors Course

Establishing director knowledge

The Australian Institute Company Directors Course has been designed to provide you with a practical overview of a directors duties and responsibilities. The Course focus is on sharpening your skills to improve your personal performance, as well as minimising personal risk by ensuring you are aware of key regulations and current practices. Above all, you will be trained to assess information from a directors' point of view.

The course is structured to ensure:

RELEVANCE – by encouraging your questions and comments relating to your own situations and experiences;

SHARED KNOWLEDGE – by learning from the experiences of others in your group;

NETWORKING – through close contact with other directors and senior executives.
